*Certificates are issued to individuals, not business entities.

I would like the following contact information to be included in the OSS Professionals Directory that is available to the public: Do not include me in the Directory

Name Company Name Mailing Address Business Phone Cell Phone Email

Beginning January 1, 2026, septic maintenance service providers show proof of passing the Washington On-Site Sewage Association (WOSSA) O&M Level 2 (Specialist) exam. At the discretion of GCHD, we may issue a septic maintenance service provider certification to a licensed WA OSS Designer or Professional Engineer (PE) with demonstrated knowledge and experience of OSS.

I have attached proof of passing the WOSSA O&M Level 2 Exam Yes No

If no, are you a currently licensed WA OSS Designer or Professional Engineer? Yes No

WA License Number: _____

**Operating without a valid certificate will result in a double certificate fee.
 Certificates are not transferable and expire on December 31.**

Current fee schedule is available on our website or at our office.

\$30.00 of each requested refund of a certificate fee will be retained by GCHD for administrative expenses.

FOR GCHD USE ONLY
